Dear Lisa

We are thrilled to receive your generous gift of £230.00 to Prostate Cancer UK. Thank you for helping to stop prostate cancer damaging the lives of men and their families.

Thanks to people like you, we've come a long way in finding better treatments and tests that could save thousands of lives, but we still have a long way to go. Prostate cancer is the most common cancer in men in the UK. Around 400,000 men in the UK are living with the disease and one man dies from it every 45 minutes.

**Thank you for helping to make prostate cancer something that the next generation of men do not fear.**

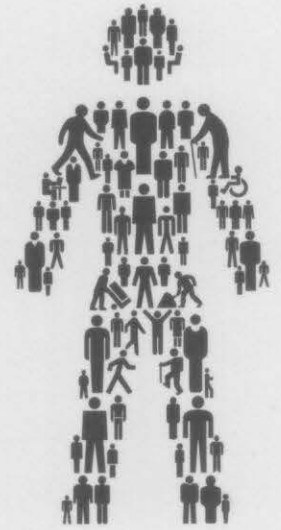

We work with businesses large and small and we are delighted Creme de Vape are part of this movement committed to men and their loves ones. **Thank you for joining the fight against prostate cancer.**

Dear Lisa,

I would like to thank you for your recent donation of £291.46 to Prostate Cancer UK, raised via your customers. Your generous gift will help us to tame prostate cancer in the next 10 years.

We've come a long way thanks to ground-breaking research into diagnosis and treatment of this terrible disease, but we still have a long way to go. Over 12,000 men are dying each year in the UK and prostate cancer is on course to become the most common cancer amongst men and women by 2030.

**But donations like yours mean that we can help to improve diagnosis by making the latest research breakthrough a reality.**

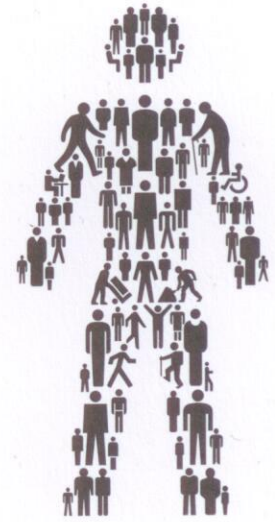

We work with businesses large and small and we are delighted Creme de Vape are part of this movement committed to men and their families. We hope you can continue to support us again in the coming months. To get involved, please visit [www.prostatecanceruk.org](http://www.prostatecanceruk.org)

Thanks again for helping us to beat the most common cancer in men.

## Ignoring prostate cancer won't beat it.

Dear Sir/Madam,

Prostate cancer is the most common cancer in men, and kills nearly 10,000 men every year in the UK. That's one man every hour. By 2030, it is predicted that prostate cancer will be the most common cancer of all.

With the generous donations of people like you we are tackling prostate cancer head on, making a difference to the lives of men and families affected by prostate cancer. Your donation of £273.50 will help more men survive prostate cancer. We'll be here working until the day **all** men do.

As a committed supporter of Prostate Cancer UK, you're already part of our Men United team. Help us to create a movement for men by getting your friends, colleagues and family to take the quiz and help us make prostate cancer impossible to ignore. [www.prostatecanceruk.org/menunited](http://www.prostatecanceruk.org/menunited)

Thanks again for joining the fight against prostate cancer.

Kind regards,
